THREE YORKSHIRE LADS EXPLOITING
LIFE'S DILEMMAS THROUGH
FULL-FAT ALT-ROCK INSTEAD OF THERAPY.

WHO ARE DIFFERENT STATE?

A grungey, alt-rock trio; Sam Womack, Lucas Pettit and Ted 'Rob' Firth.

These rock-loving riff nerds draw inspiration from Incubus, Lower Than Atlantis and Dinosaur Pile Up when creating their full-fat tracks. Fusing audience-focused entertainment with riff-heavy guitars & bass - underpinned by thick drums, catchy lyrics & energy infused harmonies - they promise a freewheeling, confident & professional set.

Despite baggy tees & shaggy hair, Different State are hard-working pros with huge respect for the industry. Making it a priority to work closely & generously with every venue, they deliver a raucous celebration of original rock music to their ever-growing fan base.
